# Takayama Spring Festival (Sanno Matsuri)

April 14, 2019 – April 15, 2019

Yatai Float Festival UNESCO'S Intangible Cultural Heritage of Humanity  
Since Dec.1st,2016

Welcome to Takayama spring Festival in 2019.

Even though the origin of the festival is unknown, it is believed that the festival started between 1586 and 1692 when the Kanamori family governed the Hida Takayama area. Takayama Festival is regarded as one of the three most beautiful festivals in Japan. The predominant reason for this is that the main attractions of the Takayama Festival are the magnificent Yatai or festival floats, which have been preserved for about 300 years.

All floats are beautifully decorated with carvings, dolls, elaborately woven thick curtains, lacquerware, and bamboo blinds. These exquisite decorations are found not only on the outside where they are seen by the crowds, but also on the inside, such as under the roof and behind the doors, where elaborate carvings can be found.
